| vs. |) | CASE NO. |
| |) | 9338 |
| ELK LAKE SHORES WATER COMPANY |) | |

SHOW CAUSE ORDER

On August 13, 1984, a periodic inspection was made of Elk Lake Shores Water Company ("Elk Lake") by a staff member of this Commission. The report of that inspection described certain operational matters that were not meeting the minimum requirements of the Commission's regulations and recommended that corrective actions be taken by Elk Lake. A copy of the report was mailed to Elk Lake and a response with regard to the recommended corrective actions was requested by September 14, 1984. Elk Lake did not respond as requested and has not responded to the staff's follow-up letters dated October 23, 1984, January 3, 1985, and February 25, 1985.

On September 24, 1984, the Commission received a letter of complaint from Mr. Lee D. Maes against Elk Lake regarding low water pressure. The Commission staff notified Elk Lake to look into this matter and advise the Commission as soon as possible. No response was received, and on

January 3, 1985, a follow-up letter was mailed in reference to this complaint.

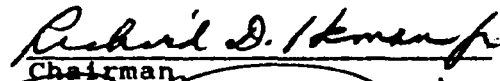

On May 6, 1985, the Commission did receive a reply from Elk Lake, but it did not address the matters cited in the periodic inspection report nor the action(s) it had taken to correct the complaint of low water pressure.

After considering the matter and being advised, the Commission, on its own motion, finds that a hearing should be held in this matter.

IT IS THEREFORE ORDERED that Elk Lake shall appear at a hearing at the offices of the Commission in Frankfort, Kentucky, June 13, 1985, at 9:00 a.m., Eastern Daylight Time, in Hearing Room No. 1, and show cause, if any it can, as to why it should not comply with the Commission's regulations. Further, typical service pressures at Mr. Lee D. Maes' water meter shall be taken and recorded for presentation at the hearing.

Done at Frankfort, Kentucky, this 23rd day of May, 1985.
